THE ACT COMPANY

After two very successful recordings of Christmas melodies and extremely well received concerts, the decision had to be made. Shall we make a third one or not, are there still songs to be sung, is there an audience for it?

We, meaning everyone in the group, decided to give it a go and we found so many songs just waiting to be sung and played. Songs with a connection to Christmas, in one way or the other.

We wanted to stay in the tradition of the first two albums and I believe that this collection of songs truly reflects all our thoughts and wishes. A time to enjoy the company of our dear ones, a time to relax and to contemplate but also a time filled with the joyful spirits that we all associate with the conception of Christmas.

To record the music live was important and we went for the biggest church in Stockholm, Storkyrkan. Over 1500 people came to listen and I promise that they were all there, even if it is not to be heard on the recording until the very end. For all of us performing, it was a magic evening and I believe that the audience felt the same way.

Our hope is that we can give to you the same feeling as we had during our performance that became this album, Christmas With My Friends III.

Merry Christmas!
