Oh no, it's Christmas again!
Time is running so fast, what happened?
Two years have passed since last time and it feels like yesterday.
Well, I hope that you are prepared for more music from me and my friends.
Music to relax to, music to have fun to or just music to enjoy while decorating
the Christmas tree, preparing the traditional food or dressing up for the
Christmas party.
It also works perfect while cleaning up the mess on Christmas day and for
that matter you can listen to it on the plane, in the car, on the train or wha-
tever transport you are using to get home in time for Christmas. In other
words, the perfect companion, come rain, come snow or any kind of weather.
Wherever you may be heading, we'll be home for Christmas!

Merry Christmas!

Love
