ERIK ROVE

The composition **A MESSAGE FROM P** is inspired by A Tribe Called Quest's "Skypager". **GIFT OF GAB** was written for Memempsychosis, an art installation curated by Hugh Crickmore, Williamsburg, New York. The melody in **DANCEHALL MONITOR** is based on Paolo's re-working of a Wes Montgomery sample during early jam sessions.

Erik would like to thank... My parents and sisters for all their love and support. Paolo, Fraser and Martin for all their hard work and dedication over the years - this project couldn't exist without them. Everyone who's played with the band - Thom Gossage, Miles Perkin, Peter Kelly, Jim Doxas, Morgan Moore, Matt Henkle, Sunny Jain, George Mitchell, John Arnold - your input was greatly appreciated. Alain for his help in the studio and for wanting to do this in the first place, Pierre for his big ears and everyone else who worked on the album. JS, Chet, Bucky and Fed, Bjorn, Bert and Lain, Gascia, Phil, Matt, shortwave, Eddie and Hodgie, Jenny Jeans, Jonathon, Hugh, Yang and Sarah for being my people. Torq, Chris Dumont, Chris Seligman, Dan, Aaron, Murray, Amy, Evan and Pat for the help and encouragement. Mark Lainchbury, Serge Lavoie and Scott C for believing in the music. My teachers Greg Osby and Rémi Bolduc, for providing the tools. You, the listener. To anyone I forgot, please forgive the lapse. Our relationships extend beyond these small paragraphs.
